

MEDICAL UNIVERSITY OF VARNA

The Medical University of Varna (MU-Varna) is a Bulgarian state school for higher education dedicated to training specialists in the fields of medicine and healthcare who graduate with the educational and qualification degrees of Master, Bachelor and Professional Bachelor. The university has a legal entity status with the following scope of business activities: training of cadres and professional qualification; training of PhD students; postgraduate education for medical and non-medical cadres; conducting medical diagnosis, prevention, consultation, rehabilitation, and expert services at the university hospitals; scientific research and applied sciences; international cooperation in the field of education and science; administrative, social, sport, publishing, information, and other activities.

The Medical University of Varna is the first university in Bulgaria to implement the EFQM model for Business Excellence of the European Foundation for Quality Management in 2008. The diplomas issued by the university are recognised in all the European Union countries.
