

Georgian American University (GAU) is a private accredited higher education institution, which was established by Georgian and American partners in 2001 and currently has about 3000 graduates. Georgian American University(GAU) is accepted by all the countries in the world as a recognised qualification to practice as a medical doctor, upon clearing the respective li-censing examinations.

Georgian American university allows students to do clinical practice which is focused on devel-opment and strengthening of clinical skills from the first year of tuition onwards, GAU has the largest network of hospitals in Gerogia for clinical practice. Clear emphasis is given to obtain basic skills of labortaty and clinical work and exercise them in the corresponding hospitals of the University.
